

# STORM WINES

---

## 2014 Santa Maria Valley Presqu'ile Vineyard Sauvignon Blanc

This Sauvignon Blanc showcases the cooler climate of Santa Maria Valley with a clean, fresh and minerality driven profile. There is a salinity to the wine which builds and lingers on the back end. The cooler climate at Presqu'ile Vineyard, combined with a different approach to fermentation and aging, changes the profile dramatically in comparison to the warmer Santa Ynez Valley.

### Tasting Notes

Fresh gooseberry, jalapeno and spice dominate the nose. Juicy fruit on the palate with a focused mouth feel and saline quality that lingers.

### Production Details

- 100% Presqu'ile Vineyard
- Clone/Rootstock: 317/101-14
- Marina sandy loam soils
- Picked: 8/29/2014
